DODO SCREENS
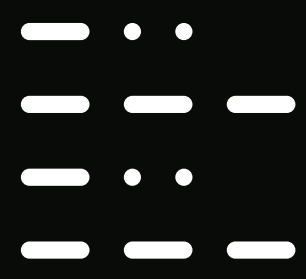

Smart Screen Solutions

DodoScreens

Solutions for modern digital signage and more.

Narrowcasting or digital signage has been around for quite some time in various forms and styles. A good system aligns with the customer's automation needs and offers the required support and assistance. DodoScreens offers different systems to meet this demand, such as:

DodoScreen

Cloud-based solution

**WPCasting**

Full integration with WordPress

WPTouchScreen

Interactive TouchScreen solutions

DODO°SCREENS

**WP Casting**

Cloudbased

Why cloud-based?

- Easy to set up

- Fully managed online

- No technical knowledge required

- Works with most hardware

What can you display on your screens?

- Photos, videos, PowerPoint slides

- Weather reports, clock, RSS feeds

- Dashboards (KPIs), news, social media

- And much, much more...

Hardware devices

Simple and highly versatile

- **Raspberry Pi**
- Browser
- BrightSign
- Android
- Tizen & WebOS
- Windows
- Amazon Fire Stick

No matter which hardware you choose — DodoScreens almost always works with it. You pick what's most convenient for you, and everything is managed centrally through your DodoScreens account.
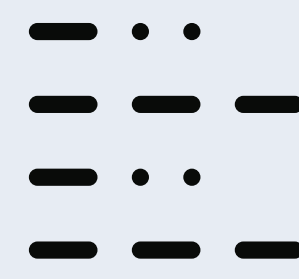

Raspberry Pi solution

Specifically built for digital signage

- Optimized for use with DodoScreens
- Pre-configured plug-and-play device
- High-level security
- Very affordable

Screens

Wide range of options

- TV screens (including built-in models)
- Wall-mounted and tabletop models
- Ordering kiosks
- Check-in kiosks
- Self-scan checkouts
- Self-service kiosks

Not just TV displays, but also interactive touchscreens in every shape and form.

Apps & templates

Packed with extras

- Weather updates, clock, RSS news feeds
- Social media walls (Insta, Facebook, Twitter)
- Dashboards (e.g. with Power BI)
- QR codes
- Choose from over 500+ templates and designs
- Create your own layout with the editor

All customizable — no technical skills needed
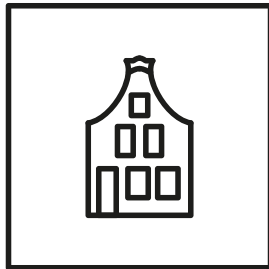

Usercases

**Digital signage is widely applicable**

- **Retail**: product promotions, shop windows
- **Education**: timetables, news, information sharing
- **Hospitality**: menu boards, promotions, wait times
- **Offices**: KPIs, teams, projects, performance
- **Healthcare**: wait times, wayfinding, health info
- **Hospitality**: welcoming, guest info, promotions, reception
- **Transport**: travel info, ads, local updates
- **Industry**: dashboards, safety, announcements
- **Events**: programs, social media, sponsors
- **(Sports)clubs**: schedules, results, ads
- **Museums**: timelines, past & present, video archives
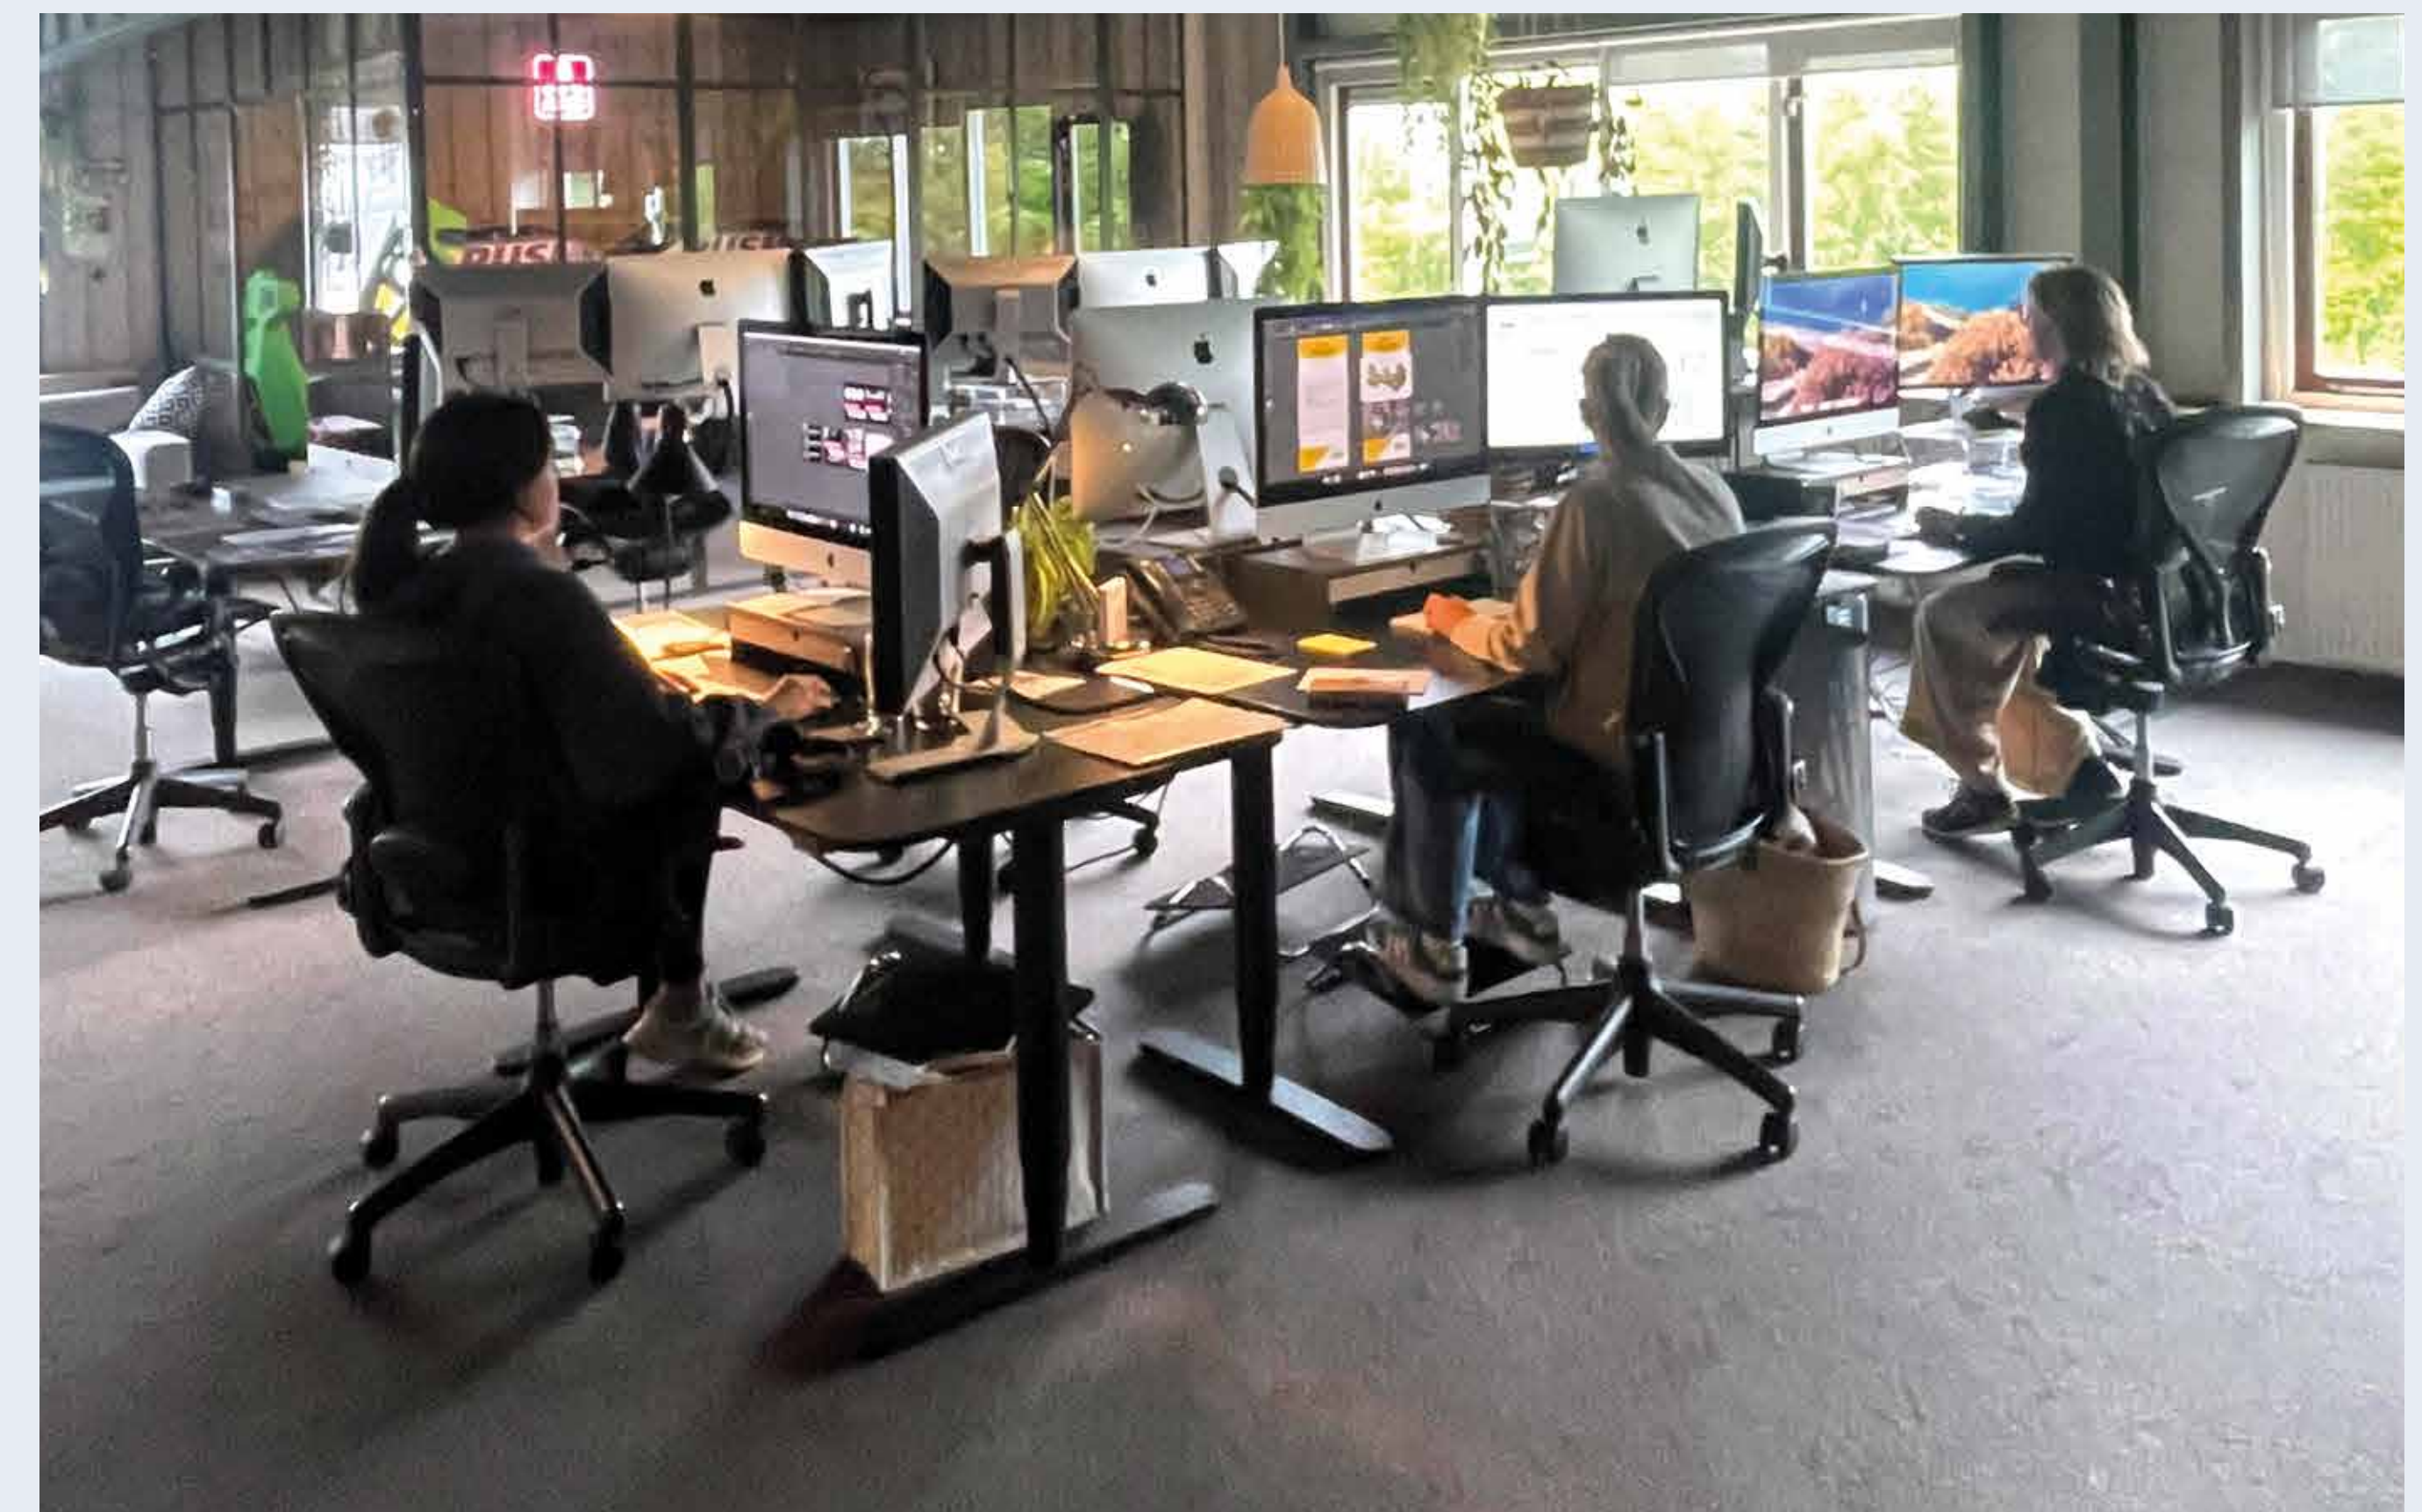

Support

Dodo's got your back

Need help? We're here for you —

not just with guides and documentation, but real people too. You can even call us during office hours.

Prefer full-service? Let us handle it.

We'll set up your screens, apps and slides, and make sure everything matches your brand.

Our design team is ready to make it shine.
